

Manawatū-Whanganui Regional Council
(trading as Horizons Regional Council)
Palmerston North Constituency
Electing 4 Regional Councillors

Chris TEO-SHERRELL

My principal place of residence is in the Palmerston North Constituency area.

We are at a turning point. Our environment, which underpins our well-being, desperately needs love. It is showing many signs of not enough care. The current Regional Council has

allowed this to happen. It needs to change.

Elect me to Regional Council and I'll work with others to clean up our rivers and protect groundwater, prevent erosion, make transport safe and sustainable, minimise climate change, promote sensible economic development, maintain flood protection and hold Council accountable.

I have the experience, skills and commitment including: decades of grassroots involvement in community and environmental advocacy; 9 years on City Council so I understand local government; PhD in ecology and agriculture enabling me to understand the science Horizons uses; leadership of the Water Protection Society working at the front line protecting rivers; member of various national bodies concerned with transport safety and sustainability; an open and questioning mind. And I walk the talk.
