Guardians of the Mauri

Two young fish are confronted by pollution from our urban lifestyles as they swim upstream to find Te Awhiorangi, the taniwha. Also provided in Maori as 'Nga Kaitiaki o Te Mauri' the story challenges viewers to realise that they have a part to play to protect local streams.

Enviroschools - Learning for a Sustainable World

This DVD shows how the Enviroschools process works in schools and their communities. Students and teachers from eight Enviroschools contributed their stories showing a rich variety of approaches. A bonus disk is included - A Solution to an Inconvenient Truth - which is a case study of three Enviroschools in the Auckland region an early childhood centre, a primary school and secondary school.

Enviroschools - He Pae Korero

He Pae Korero - Short Stories Presents the Māori aspects of the Enviroschools Programme through performance and story-telling. There are 13 stories in total, each story approximately 3 to 7 minutes in duration. The DVD is designed for use with the Kit by schools registered with the Enviroschools Programme.

Kids Can! Song and Lyrics

An environmental empowerment song for young

people around the world and Sir Peter Blake Ambassador's environmental messages. You CAN do something to protect our environment.

Wa\$ted! Save Your Planet, Save Your Cash

Wa\$ted! proves that you don't have to be extreme to be green. This entertaining series is full of tips and hints to help reduce our impact on the planet and save on household bills

Te Kereu Discovery Project – DVD and CD ROM

New Zealand's beautiful native wood pigeon, the kereru, is declining and needs your help. The Kereru Discovery Project will show you how your garden can make a vital difference to the survival of this threatened species. The DVD features the natural and cultural history of this native treasure. Beautifully narrated this visually stunning documentary is recommended for all. The CD Rom is a fun, educational and interactive disk that has great free-to-use images as well as the award winning Urban Jungle Game that allows players to plant kereru friendly trees, control possums and see how they score in attracting a breeding pair of kereru to their garden.

Biodiversity 911

A claymation story about the plight of several of the world's threatened animals set in a hospital emergency room.

Lessons from a Melting Ice Cap

A film designed to empower New Zealand secondary students to take action around climate

change issues. Made by 3 Dunedin girls in 2007, see how young people in New Zealand can start to tackle issues of climate change.

Check, Clean, Dry

A DVD that looks at didymo; what it is, why it is a problem, and how to prevent it.

Our Green Roadie

Our Green Roadie is a compilation of stories shared by 50 families and business people throughout NZ, from individual households to large enterprises. These people have chosen to live and work in environmentally 'greener' ways and to place a high value on people and the planet as resources to nurture, not trash! Award winning NZ film maker Emma Heke and her young son travel New Zealand gathering these stories to showcase the diversity of 'green' things happening in NZ. This is available for **purchase** at \$24.99 + postage.

The Legend of Mauao

The Legend of Mauao is a fabulous retelling of an old Maori legend by the tamariki at Papamoa Kindergarten. Mauao, or what is more commonly known as Mount Maunganui, is a fantastic retelling of how the mountain got its name. This interpretation and production was first and foremost inspired by their children's love of local Maori legend. This is also available for purchase from Papamoa Kindergarten.

OURS DVD

OURS DVD is a Green Ribbon 2011 Award-winning NZ Nature DVD encouraging conservation and care through 55 informative topics about our native creatures, interesting land areas and children engaged in environmental care. The alphabetic

structure, gentle pace, narration and 'real' doco-style filming encourage children to learn about the wonders of New Zealand in a natural way that leads to further questioning and research. It has friendly narration that respects children's intelligence and is an excellent education resource for 2 - 7 year olds and their families. This is available for **purchase** at \$9.99 + postage.

Our Creative Children

This DVD is designed to inspire Children (and parents/teachers) everywhere! To encourage ideas and imagination; to explore creativity and art. It has friendly narration and is an excellent education resource for 2 - 10 year olds and their families. This is available for **purchase** at \$9.99 + postage.

Developing a Sustainable Environment in Early Childhood Education

Green-Gold enviroschool St James Kindergarten has made a wonderful DVD that shares their journey along the sustainability pathway. The DVD showcases how sustainability practices are embedded in the kindergartens everyday life, from water awareness, gardening, composting, reusing and recycling. This is available for purchase on 09 378 6941.

Cloak of Protection Game

This New Zealand /Aotearoa Conservation Card Game looks at how introduced predators have impacted our native birds. To save our birds, you need to create a feather cloak in one bird realm: forest, settlement, sea, or extinct. Trade, draw and play to build a 15-card triangle-shape cloak. But whenever you pick up a predator card, your birds are in danger! This is available for **purchase** at \$35 + postage.
