

National Environmental Standards for Plantation Forestry - what you need to know

National standards for managing the environmental effects of plantation forestry come into effect 1 May 2018.
Are you prepared?

Taumarunui – Tuesday 27th March 2018

Upstairs Lounge, Taumarunui RSA, 10 Marae St, Taumarunui

10.30 am – 12.00 pm and/or 1.00 pm to 3.00 pm

In preparation for the new standards, the Ministry for Primary Industries (MPI) is holding workshops with the forestry industry and councils on the planned changes.

Session 1 (am): Landowners and Forest Owners

- Horizons Regional Council will provide an introduction to forestry within the region and the Sustainable Land Use Initiative (SLUI).
- MPI will give an overview of the NES-PF for those planning forestry activities after 2018.

Session 2 (pm): Operational Foresters

- MPI will explain the NES-PF regulations, focussing on how the standards will operate, including management plans, timeframes and practical examples of forestry activities.
- Horizons will explain how they intend to implement the NES-PF for consents and permitted activities.

Morning tea and lunch is provided. When registering, please note which session/s you would like to attend.

Spaces are limited. Please RSVP to NES-PFConsultation@mpi.govt.nz or 0299 8686 95
