Subject: Crown minerals - one plan hearing

Hi Robyn,

Thank you for arranging a time for Crown Minerals to speak to its submission at the Horizons One Plan hearing today (Overall Plan). Unfortunately I am unable to appear because of another urgent matter and there is no-one else able to cover for me.

The s42A planner's report has taken on board our submission points made by Crown Minerals, MED, in relation to the Overall Plan. Thank you. However, we do not consider the planner's response on p83 of the s42A report deals with our points raised or is not sufficiently cogent to recommend our submission be rejected.

The planner's comments I refer to are:

"The issues of mineral extraction and tourism, specifically raised by submitters, have not been raised as significant resource management issues in any other forum, therefore I am unable to assess if specific provisions relating to them are necessary, more evidence may be provided by the submitters on these matters at the hearing which clarifies this."

I would be grateful if you would convey our position to the Planning Committee. Thank you.

In these circumstances Crown Minerals, MED reserves its position should Council's decision reflect the Council planner's recommendation.

We do note that we do wish to speak to the balance of our submission regarding Coastal matters in the Coastal hearing in September. Thank you.

Kind regards

Rob Robson | Manager, Petroleum and Minerals Policy | Crown Minerals | **Ministry of Economic Development**
