**Re: Proposed One Plan: Overall Plan Hearings: 1st to 4th July 2008:
Transpower New Zealand Limited: Submitter 265**

We refer to the abovementioned matter set down for hearing on the 1st to 4th July 2008. Accordingly, it would be appreciated if you could table this statement before the Hearings Committee.

David le Marquand of Burton Planning Consultants Limited has prepared this statement, in respect of the relevant submissions by Transpower New Zealand Limited (Transpower) and on review of the staff recommendations in relation to the Overall Plan Hearings. It is not proposed to present evidence in relation to submission points at this hearing.

Submission 265/1 and 265/2. Page 88 of the Recommendations Report.

The Transpower submission points being dealt with in the Recommendations Report are 265/1 and 265/2. They are very general points:

- A. *The specific amendments sought in the attached schedules, and any additions, deletions or consequential amendments made necessary as a result of the matters raised in these submissions.*
- B. *Any other such relief as to give effect to the submissions.*

The staff recommendation is to accept in part these submissions insofar as this is reviewed as the hearings progress and final decisions are made. The staff recommendations are supported as these submissions can only be judged in the context of the matters of detail contained in the submission schedules, and which will be heard in subsequent hearings.

Recommendation to the Committee: That the Committee **accepts** the staff recommendations in relation to submissions 265/1 and 265/2.

If there is a need to clarify any matter raised in this statement please contact David le Marquand on (09) 917-4303.

Yours sincerely,
BURTON CONSULTANTS

David le Marquand
Director
