

Accelerate25, in conjunction with Beef + Lamb NZ, AgFirst, and the Ministry for Primary Industries invite you to:

Opportunities with water on-farm workshop stock water reticulation and more

Following the release of the report "Economic evaluation of stock water reticulation on hill country" a series of workshops are being run around the Manawatu-Whanganui region to promote the findings, integrated with general management of water on-farm.

Whanganui: 18 July, 2pm-5pm, Kingsgate Hotel
Taumarunui: 19 July, 9am-12pm, Central Park Hotel
Taihape: 20 July, 2pm-5pm, Taihape Golf Club
Pahiatua: 21 July, 9am-12pm, Tui Brewery

The workshops will cover an overview of the report's findings, including detailed case studies, engineering and physical planning of water reticulation systems, farm-system design to optimise productivity and minimise environmental impacts, decision-support, and address any specific questions participants may have. These workshops are delivered with the support of MPI, Accelerate25 and Beef + Lamb NZ.

These workshops are free of charge.

Please pre-register your interest with Erica Van Reenen at Erica.vanreenen@agfirst.co.nz or phone 027 455 5616.
