

Manawatū-Whanganui Regional Council
(trading as Horizons Regional Council)
Taranua Constituency
Electing 1 Regional Councillor

Andrew DAY

My principal place of residence is in the Taranua Constituency area.

I'm standing for Horizons Regional Council because we need a thriving prosperous economy and a natural environment to be proud of.

Our community can have, and deserves, a vibrant, diverse economy while maintaining our environment so it remains a great place to work and play for future generations. I am absolutely convinced we can have both: it's not an either or choice, let's set out to make this happen.

I will ensure council decisions are transparent and fair to all members of our community.

Yes there are challenges for us to overcome but we can address these in a positive manner that brings all of our community along for the journey.

I need your help to elect a considerate, constructive voice to represent you at the Regional Council.
