**Fiona GORDON**

My principal place of residence is in the Palmerston North Constituency area.

I live here because I love it - the lifestyle, landscape and environment. But our environment is not being adequately safeguarded. We need regional leadership that delivers future focused

economic development, a healthy environment and resilient communities.

We can only achieve this through informed decision making based on reliable, honest information and by working more closely with communities. I bring tertiary qualifications and 24 years' experience in resource management, conservation and local government and work with NGOs, Iwi, community and business. I understand how this works and how it could be better.

As a business owner and mum of two I understand what matters in our community. My passion for environmental matters has informed my roles as Trustee to Palmerston North City Environmental Trust, Reel Earth Film Festival and Ambassador to the Jane Goodall Institute New Zealand.

I live it, I breathe it. I want to be your voice on Horizons.
