

Old4New

Coastguard Lifejacket Upgrade

Frequently Asked Questions

Q My local boat ramp is not on the location schedule, Can I still get the discounted trade-in price?

A If we are not visiting your community this year not to worry. You can still get the Old4New deal from our friends at Boating & Outdoors on allocated weeks through the campaign.

Visit www.boatingandoutdoors.co.nz for your nearest store.

Q Can I pay with a credit card or eftpos at the Old4New van?

A For sure, eftpos and credit card transactions are available at the Old4New van.

Q Is there a limit on the number of lifejackets I can upgrade?

A No, however the number of lifejackets available for upgrade will be limited by stock availability.

Q My lifejacket is not that old, can I still use it as a trade-in?

A Absolutely! The main thing is that you walk away with the best lifejacket to suit your activity and help you get the most out of your time on the water.

Q I don't have a lifejacket to trade-in, can I still purchase a new lifejacket from the van?

A Yes, you can purchase any of the Hutchwilco lifejackets from the Old4New van. If you don't have an old lifejacket to trade in but want to get set for summer with a new one, all lifejackets will be available at the normal retail price listed.

Q Why do I need a crotch strap?

A This year all inflatable lifejackets will come with a **free crotch strap**. If you do end up in the water, the buoyancy of a lifejacket can be quite strong. Any movement inside the lifejacket can mean it 'rides up' – in extreme cases the lifejacket can slip right over your head. A crotch strap attaches to the front and back of your lifejacket with a strap between your legs to prevent the lifejacket from going anywhere.
