

HE HOKIOI RERENGA TAHİ THE LAKE HOROWHENUA ACCORD

AUGUST 2013

Vision

Lake Horowhenua; he taonga tuku iho; he taonga mō te katoa mo te katoa;
(A treasure handed down from our ancestors for the enjoyment of all).

The whakataukī (proverb):

He Hokioi Rerenga Tahi – (An eagle's flight is seen but once) refers to the legendary giant eagle (also named Haast's Eagle or the lion in the sky). The great Hokioi had a wingspan of 10 feet (3 meters) and preyed on the Moa. This giant bird was located in the Horowhenua region. The whakatauki best describes the overarching purpose of coming together to collaborate, progress and resolve, once and for all, the condition of Lake Horowhenua.
