I am Joanne Heperi RMA advisor for Rangitāne o Tamaki Nui a Rua and I am representing Rangitāne o Tamaki Nui a Rua. We support in principle the One Plan proposed Plan Change 2. As is stated in Section 32 Evaluation of Proposed Plan Change 2, that this Plan Change 2 is "most appropriate" to achieve the purpose of the RMA. appropriate because it improves the workability of the intensive farming land use provisions in order to better achieve the intent of the One Plan." We also understand that this plan change relates to existing farms and target catchments. We view it as a favourable pathway to a consenting process that will better manage intensive farming activities and land uses in our rohe. The health of our waterways and whenua is of utmost importance to Rangitāne o Tamaki Nui a Rua. In upholding our value of Rangiratanga, we want to be a participant in the process and ensure that we continue to engage with Horizons Regional Council in the decision-making process. However, we don't see anything in Proposed Plan Change 2 that considers Mātauranga Māori, cultural values or methodologies. Is this something that we can expect to see or how will this be considered? We would like HRC to consider recognition of our cultural values, methodologies, and frameworks into the decision making relating to the consenting processes, land uses and monitoring of the waterways. ngā mihi nui
