The Horowhenua District Council supports in part the submission of Horticulture New Zealand is so far as it aligns to the Council's submission which seeks the creation of specific policy settings and regulations for horticultural activities, distinct from pastoral farming. The Horowhenua District Council seeks that Plan Change 2 is withdrawn and transitioned to a collaborative planning process as provided in the Resource Management Act to enable the development of a flexible and robust transition framework for the consenting of intensive land use activities including horticultural activities, operating in target catchments. The Council also supports the submission of Horticulture New Zealand in terms of the need for more specific definitions

to provide greater clarity, and interpretation of planning provisions for intensive land use activities and horticulture activities.
