

Notes for track changes: This is the final recommendation for wording of One Plan provisions made by Regional Council officers at the conclusion of the Water Hearing. It uses the Proposed One Plan provisions as notified as the base document and consolidates recommendations from the Planning Evidence and Recommendations Report (August 2009), Supplementary Report (November 2009) and End of Hearing Report (April 2010).

Words recommended to be added are shown in underline, words recommended to be removed are shown in ~~strike through~~.

Terms defined within the Proposed One Plan glossary are *italicised* and marked with an asterisk (*) symbol. Terms defined in the Resource Management Act 1991 are *italicised* and marked with a caret (^) symbol.

Schedule C: Groundwater Management Quantity Zones

For the purpose of clarity this is a schedule to Part II – the Regional Plan.

USER GUIDE: How to use the contents of this schedule

Step 1: Identify which Ground Water Management Zone your proposed abstraction lies in (go to Part 1.3 of Schedule Ba)

Step 2: Refer to Table C1 to identify which allocation limit applies to your Ground Water Management Zone
