RCP - CP - Coastal precincts (multi-zone)

This chapter contains spatially specific provisions which apply to parts of the CMA, in addition to the provisions contained in RCP-CMA and RCP-CZ. Currently no precincts are mapped in the One Plan, an aquaculture precinct (PREC1) must first be established by a plan change in accordance with RCP-CMA-OCC-P2.

CP – PREC1 – Aquaculture Precinct

Rule	Activity	Classification	Conditions/Standards/Terms	Control/Discretion
				Non-Notification
CP-PREC1-R1	The occupation ^A of space ^A in the CMA pursuant to s12(2) RMA by any aquaculture activity ^A which is not otherwise restricted by RCP-CMA-OCC-R3.	Controlled	The aquaculture activity^ must occur within an operative Aquaculture Precinct established in accordance with RCP-CMA-OCC-P2.	Control is reserved over:
Occupation^ of				1. effects* on navigation safety.
space^ by aquaculture				2. effects* on public access.
				3. effects* on natural character.
				4. effects* on historic heritage*.
				5. efficient use of the CMA.
				6. duration of consent.
				7. review of consent <i>conditions</i> ^.
				8. compliance monitoring.
CP-PREC1-R2	The erection, reconstruction, placement, alteration or extension of any <i>structure</i> ^ for the purpose of aquaculture pursuant to s12(1) RMA and any ancillary:	Controlled	 The activity must occur only within an operative Aquaculture Precinct established in accordance with RCP-CMA-OCC-P2.
