1. Te Ao Māori General and 4.1 Scope and Background

Submitter	No	Point	Decision sought	Decision
HOANE TITARI JOHN WI	2	16	Non recognition of Maori and the lack of integration for the purpose of benefiting the environment.	Reject
NGATI KAHUNGUNU IWI INCORPORATED	180	1	We ask that te reo content of the plan be retained with adjustments to cater for translations of the amendments sought throughout our submission, and that these translations accurately reflect their meaning and intent.	Accept
NGATI PARERAUKAWA	228	19	Horizons report back to Iwi and Hapu once the above have been completed with written confirmation of their integration.	Reject
TANENUIARANGI MANAWATU INC	238	5	No decision requested but submitter seeks review and strengthening of how the objectives in the Te Ao Maori Chapter are transferred or incorporated into other chapters of the Proposed One Plan, in particular, how consultation requirements are specified and how Maori are involved as contributors to methods in achieving objectives.	Reject
TANENUIARANGI MANAWATU INC	238	6	No decision requested, but submitter requires an explanation as to why the One Plan has emphasised hapu with iwi second and highlights the need to review the best way to describe the natural grouping of Maori that have the ability to work with Horizons.	Accept in part
CHARLES RUDD	209	2	Amend "iwi authorities" to "Whanau and Hapu." (4th bullet point) Page No 2-1. Note: The word "iwi" must be deleted from this whole document and replaced with the word "Hapu."	Reject
HOANE TITARI JOHN WI	2	1	That adjustment to include those Iwi/hapu organisations within representation of such organisation for purpose of communication and proper management of our regions.	Reject
MARAEKOWHAI WHENUA TRUST, TAWATA WHANAU TRUST, NGATI TAMA O NGATI HAUA TRUST AND TITI TIHU FARM TRUST	148	1	The sentiments expressing the Maori and its culture reads great, but within the implementation of actions, there is completely nothing (put it into practice).	Reject
NGATI KAHUNGUNU IWI INCORPORATED	180	17	Ngati Kahungunu Iwi Incorporated seeks the retention of this chapter in its entirety apart from the amendments sought herein. We also ask for	Accept in part

Submitter	No	Point	Decision sought	Decision
			consequential changes to be made to the translations.	
NEW ZEALAND ARCHAEOLOGICAL ASSOCIATION INC	226	4	No specific decision requested but NZAA supports recognition of the role of hapu and iwi in resource management issues.	Accept
NGATI PARERAUKAWA	228	1	We ask that Local Territorial Authorities recognise and provide for the input of hapu and iwi groups.	Accept in part
NGATI PARERAUKAWA	228	10	We urge Horizons Regional Council to adopt a cautious approach. [Referring to the degradation of the Hokio environment in Submission]	Accept in part
NGATI PARERAUKAWA	228	11	We would like to see the adoption of Maori values and indicators as a form of natural resource monitoring.	Accept in part
NGATI PARERAUKAWA	228	12	No decision requested but submits that the marine environment at Hokio (and elsewhere) is being compromised by the current management structure.	Accept in part
NGATI PARERAUKAWA	228	2	Horizons needs to invest in an Iwi strategy team with upper management influence, including a iwi liaison team that will realistically and effectively cover and consult with each and every iwi and hapu within their jurisdiction	Reject
NGATI PARERAUKAWA	228	3	No decision requested but submits that it is fundamental that the 'One Plan' allows for genuine consultation. Consultation processes and policies need formulation and need to be included in the One Plan as an integral part of natural resource management.	Accept in part
NGATI PARERAUKAWA	228	4	No specific decision requested but submits that Maori values need to be recognised and provided for.	Accept in part
NGATI PARERAUKAWA	228	5	All of the submissions made in the two One Plan Consultation meetings in Levin in 2005 and 2006 be noted and reported on to those respective submitters (as promised by Horizons),	Reject
NGATI PARERAUKAWA	228	6	A change to the term Iwi on page 32 would adopt the word hapu and require Horizons to recognise hapu as the social unit from which to adopt and support planning documents.	Reject
NGATI PARERAUKAWA	228	7	'Te Ao Maori' section should be integrated into each section, not marginalised.	Reject
NGATI PARERAUKAWA	228	8	Ref Section 1.3.1.2. Ngati Pareraukawa would like	Accept in part

Submitter	No	Point	Decision sought	Decision
NGATI PARERAUKAWA	228	9	Horizons to provide iwi and hapu with examples of how partnership, protection and rangatiratanga will be taken into account by Horizons in future dealings with iwi and hapu. No specific decision requested but suggests that the use of hapu and iwi monitors. It may also be effective to use neighbouring hapu or iwi for resource consent monitoring.	Accept in part
TANENUIARANGI MANAWATU INC	238	14	The submitter seeks that "provision [be] made in this plan for the transfer of power to iwi authorities for the management of a resource as stated in section 33 of the RMA(1991)."	Reject
TANENUIARANGI MANAWATU INC	238	9	Submitter seeks review and amendment of chapter 4 to include the Principles of the Treaty of Waitangi in relation to environmental management.	Accept
PALMERSTON NORTH CITY COUNCIL	241	119	That Horizons adopt Chapter 4: Te Ao Maori Resource Management Issues of Significance to Iwi Authorities.	Accept in part
	X 500	309	TARARUA DISTRICT COUNCIL - Support	Accept in part
	X 507	309	MANAWATU DISTRICT COUNCIL - Support	Accept in part
	X 515	311	HOROWHENUA DISTRICT COUNCIL - Support	Accept in part
	X 517	297	RANGITIKEI DISTRICT COUNCIL - Support	Accept in part
	X 532	309	WANGANUI DISTRICT COUNCIL - Support	Accept in part
PALMERSTON NORTH CITY COUNCIL	241	40	That Horizons notes PNCCs support for the content of the Te Ao Maori Chapter, in particular the importance of local government developing more formal mechanisms for relationships with tangata whenua, and clarifying the parameters of those relationships.	Accept in part
	X 500	95	TARARUA DISTRICT COUNCIL - Support	Accept in part
	X 507	95	MANAWATU DISTRICT COUNCIL - Support	Accept in part
	X 515	95	HOROWHENUA DISTRICT COUNCIL - Support	Accept in part
	X 517	226	RANGITIKEI DISTRICT COUNCIL - Support	Accept in part
	X 532	95	WANGANUI DISTRICT COUNCIL - Support	Accept in part

Submitter	No	Point	Decision sought	Decision
JILL STRUGNELL	366	5	Cultural matters. There is a lack of focus on benefits and cost of policies on cultural matters. For example the concept of mauri in relation to water. The remedy is to consider carefully whether cultural beliefs generated in a society of small mobile communities and absolutely right for such communities can still influence decisions for quite a different society with greater scientific and technical knowledge in the twenty first century.	Reject
TARANAKI / WHANGANUI CONSERVATION BOARD	374	22	We would like to see the inclusion of the Principles of the Treaty of Waitangi in relation to environmental management (as defined by court rulings) included in section 4.	Accept
TARANAKI / WHANGANUI CONSERVATION BOARD	374	27	There seems to be no provision made in this plan for the transfer of power to iwi authorities for the management of a resource as stated in section 33 of the RMA (1991). This should be included.	Reject
TARANAKI / WHANGANUI CONSERVATION BOARD	374	28	In relation to the anticipated outcomes and the measurement of achievement many of these do not relate to all of the methods. All of the measures of achievement solely rely on the number of (environmental) partnerships developed rather than specifically identify the particular project developed eg. the number of GIS databases created, the creation of database of contacts, the number of resource consents that Iwi participated in etc.	Reject
TARANAKI / WHANGANUI CONSERVATION BOARD	374	29	No decision requested, however submitter notes: the focus that is lacking in this plan is the fact that during the ten year period of this plan, Maori and Iwi will have developed greatly, economically, socially and educationally and will be seeking a greater role in the management of its natural resources. This in turn with no substantial involvement of Maori or incorporation of Maori concepts in the decision making processes of the Regional Council will inhibit Maori to develop its role of kaitiaki resulting in further conflict.	Reject
TUWHARETOA MAORI TRUST BOARD	377	1	Retain in full.	Accept in part
ENVIRONMENTAL	386	38	We also reiterate comments made	Accept

Submitter	No	Point	Decision sought	Decision
WORKING PARTY			earlier in the report (Chapter 2) relating to Council relations with tangata whenua. We encourage Council to work with tangata whenua to fulfil the various requirements of the Resource Management Act (1991)	
ENVIRONMENTAL WORKING PARTY	386	39	We also reiterate our encouragement for Council to consider and implement the recommendations on tangata whenua participation in environmental management. They were made to local authorities from the Parliamentary Commissioner for the Environment (1998):	Accept in part
ENVIRONMENTAL WORKING PARTY	386	40	We urge Council to seriously consider this proposed model as a means of creating sustainable partnerships with Maori in the region.	Accept in part
ENVIRONMENTAL WORKING PARTY	386	41	No decision requested, however submitter notes: We generally support the objectives, policies and methods outlined in this Chapter. However, there are areas we wish to amend and provide further comment on.	Accept
NGA PAE O RANGITIKEI	427	38	As for 386-38	Accept
NGA PAE O RANGITIKEI	427	39	As for 386-39	Accept in part
NGA PAE O RANGITIKEI	427	40	As for 386-40	Accept in part
NGA PAE O RANGITIKEI	427	41	As for 386-41	Accept
DIANA BAIRD	443	8	Therefore, my submission is that Horizons amend this section where it reads "iwi, hapu" to read "iwi, hapu and those whose families have lived on a specified area of land for more than 2 generations."	Reject
TE IWI O NGATI TUKOREHE TRUST	461	3	The Trust is supportive of all actions proposed in Chapter 4 and well appreciates the level of Māori content accompanied by positive actions that will mitigate cultural offence or ongoing destruction of mauri within ecosystems. The Trust adds that wahi tapu include areas where battles were waged - that is where blood was spilt. This is very relevant to the coast and inland dune systems at Kuku, Horowhenua. The Trust very much look forward to ongoing positive dialogue, support and action as outlined in Chapter 4	Accept

2. 4.1.1 The Region's Hapū and Iwi

Submitter	No	Point	Decision sought	Decision
TUWHARETOA MAORI TRUST BOARD	377	2	Retain in full.	Accept in part
HOANE TITARI JOHN WI	2	4	[Also referenced under Decision Point 2/1] The inclusion of the following Iwi organisations for the purpose of good consultation process for Maniapoto: - Tuhua Hikurangi Regional Management Committee - Hia Kaitupeka Marae/Ngati Hari Committee - Te Ihingarangi/Rereahu Committees - Ngati Rangatahi Whanaunga Association We do not support the inclusion of the Maniapoto Maori Trust Board.	Reject
HOANE TITARI JOHN WI	2	9	To include Tuhua Hikurangi RMC, Hia Kaitupeka Marae Committee, Rereahu Te Ihingarangi as Ngati Maniapoto Iwi Organisation for the Horizons Regional Council Region. Ngati Rangatahi o Wharaurua is also to be added as a Iwi for purposes of consultation.	Reject
ENVIRONMENTAL WORKING PARTY	386	42	We ask that the Council add the following Iwi and hapu to the above list: Ngati Tamakopiri, Ngati Whitikaupeka, Ngai Te Ohuake, Ngati Hinemanu, Ngati Paki	Reject
NGA PAE O RANGITIKEI	427	42	As for 386-42	Reject

TUWHARETOA MAORI TRUST BOARD	377	3	Retain in full.	Accept in part

4. 4.1.3 An Understanding of Māori Values

Submitter	No	Point	Decision sought	Decision
TARARUA - AOKAUTERE GUARDIANS INC (TAG)	395	17	Amend Section 4.1.3 to read: All things, both animate and inanimate, have been imbued with the mauri generated from within the realm of te kore. Nothing in the natural world is without this essential element - the mauri represents the interconnectedness of all things that have being. Humans have an added responsibility to ensure that the mauri inherent in natural resources is maintained. Inappropriate use of resources - for example, discharge of sewage to water, or erection of wind turbines on culturally significant mountains and ridgelines - impacts directly on the mauri of the water or mountain or ridgeline, and therefore all factors associated with it, including the mana of local Tangata Whenua. BOARD			projects and include its as a separate method with the remaining projects listed in more detail with this only relating to iwi (not hapu) or those organisations representing iwi.	
TUWHARETOA MAORI TRUST BOARD	377	19	The Tuwharetoa Maori Trust Board is wholly supportive of the project proposed and invites Horizons Regional Council to discuss ways in which the Board can participate in the project.	Accept in part

16. 4.5 Method - Iwi Management Plans (IMP)

Submitter	No	Point	Decision sought	Decision
TARANAKI / WHANGANUI CONSERVATION BOARD	374	26	At this point in time we are a little puzzled by the inclusion of the method to develop Iwi environmental management plans (IEPs) as they should have already been completed and included in this plan. Despite this the rest of the plan makes no provision for the recognition, inclusion or alteration of any rules in respect of any future IEP plan developed.	Reject

TUWHARETOA MAORI TRUST BOARD	377	18	The Tuwharetoa Maori Trust Board is wholly supportive of the project proposed and invites Horizons Regional Council to discuss ways in which the Board can participate in the project.	Accept

18. 4.5 Method - Joint Management Agreements

Submitter	No	Point	Decision sought	Decision
TARANAKI / WHANGANUI CONSERVATION BOARD	374	23	There seems to be no methods that relate to the Treaty of Waitangi claims process and recognising the settlement from those claims other than investigating options of the development of joint agreements. We would like to see "investigate options for" removed and replaced with "develop". This method should only apply to Iwi (not hapu) in relation to and in negotiation with the crown and settlements.	Accept in part
TANENUIARANGI MANAWATU INC	238	10	As for 374-23	Accept in part
TUWHARETOA MAORI TRUST BOARD	377	20	The Tuwharetoa Maori Trust Board is wholly supportive of the project proposed and invites Horizons Regional Council to discuss ways in which the Board can participate in the project.	Accept

20. 4.6 Anticipated Environmental Results - Table

Submitter	No	Point	Decision sought	Decision
TARANAKI / WHANGANUI CONSERVATION BOARD	374	21	In section 4.6 in the final table we would like to see the term environmental removed and replaced with partnership.	Reject
TANENUIARANGI MANAWATU INC	238	15	No specific decision requested, but submitter is suggesting that Horizons use a wider range of indicators be used, rather than just the number of (environmental) partnerships developed.	Reject
