Tell us about your relationship with the Awa:

We are interested in the types of activities you participate in, on or around the river and South Mole and why you are passionate about these activities.

Are you in favour of the proposed plans for the South Mole works?

Please tell us why? Please also feel free to tell us about improvements to the plans or the types of things you would like to see

Opportunities for abundance:

Te Pūwaha is being progressed through a Te Awa Tupua lens, recognising the Whanganui River as a living and indivisible whole, inclusive of hapū and the community at large. The concept of abundance also underpins the desired outcomes of the project, and we welcome suggestions from the community on what this might look like, this could be suggestions on improving water quality, surrounding landscape, improved habitat or recreational amenities. All ideas are welcome!
